Sorry I'm out of business
 I'm not at your service any more
 Sorry I'm out of business
 Get your work done where you
 got it done before

My phone's been disconnected
 I took my mailbox down
 If you come knockin at my door
 You find me out of town
 I'm fed up with your lyin'
 So get this straight from me
 I ain't no bodies doggone fool
 or side line no siree

Sorry I'm out of business
 I'm not at your service any more
 Sorry I'm out of business
 Get your work done where you
 got it done before

Now since I've thought it over
 And I've made up my mind
 It's plain to see I'm slippin
 So I'm leaving you behind
 Gonna find a new location
 And start out on my own
 Don't come around intrudin'
 For I'm a long time gone
