Folk Harmonic

Online Edition

Things you will need:

Your instrument, tuned and easy to pick up after the vocal warm up.
A note book or paper to write down information.

Please keep an open mind and have lots of patience for yourself and others in the class as we adapt to this new format.

I may not be able to answer all of your questions during the teaching portions of the class. I will periodically check in and open the floor/mics when appropriate. It helps if you write down your question so you don't forget them.
